We’re making progress on the Redmond campus modernization work. As part of this project, **beginning March 12**, we will be permanently closing 157th Ave. NE, 157th Place NE, and a portion of NE 31st St. in order to create a new, pedestrian-friendly East Campus.

Vehicles and pedestrians will no longer be allowed on 157th Ave. NE, 157th Place NE, and a portion of NE 31st St. as of March 12, 2019.

Access to Building 27 and Building 28 will be available via NE 28th St. and Bel-Red Road.

If you’re planning to travel to campus, be sure to allow additional time for travel and parking, follow the traffic and pedestrian detour route signs for alternative routes, and watch for traffic around the construction zone.
