

Last updated 4/3/19

We're making progress on the Redmond campus modernization work. Starting March 8, we'll be installing new storm drains and sewer lines. This will take about 2 months (weather permitting).

We're doing everything we can to minimize disruption, but there will be road and garage closures during this time. If you're planning to travel to campus, be sure to allow additional time for travel and parking.

Details of impacts due to this work is below, Plans may change due to many factors, so check back frequently for updates.

You can also find a map outlining the various phases of this work available [here](#).

March 8-14:

Work will take place at the corner of NE 40th St and 163rd Ave NE.

- Westbound traffic along NE 40th St will be detoured to 157th Ave NE.
- Eastbound traffic will be detoured to Bel-Red road.
- Northbound traffic along 163rd Ave NE will be detoured to 157th Ave NE via the Building 35 loop road.

Work will take place between Building 37 and the Building 37 garage (3/8/19 to 4/16/19)

- Access to the drive aisle between Building 37 and the Building 37 garage will be restricted.
- Shuttle pick-up and drop-off will be relocated to the west entrance to the building.

March 15-21:

Work will continue along NE 40th St and 163rd Ave NE, causing detours.

- Westbound traffic along NE 40th St will be detoured to 157th Ave NE.
